Main Themes

Paving the way for a sustainable development of Afghanistan

【Background】

➤ One of the major challenges for the international community is to ensure a sustainable development of Afghanistan beyond 2014 when a transfer of security authority from ISAF (International Security Assistance Force) to the Government of Afghanistan(GOA) completes.

【Achievements to be aimed】

- Reaffirming the partnership between the international community and the Afghan Government until 2014 and during the Transformation Decade (2015-2024)
➤ Clarifying the problems and challenges for Afghanistan and the international community for a sustainable development strategy of Afghanistan and affirming long-term mutual commitments.

Discussion Points

- ◆ Mutual Commitments between Afghanistan and the international community
 - Long-term and sustainable economic development strategy of Afghanistan
 - Aid coordination among the international community to support the strategy
 - Improvement on governance of the Government of Afghanistan
- ◆ Regional Economic Cooperation
- ◆ Follow-up Mechanism
